## PUBLIC NOTICE.

Ottawa, September 2nd, 1914.

To all whom it may concern:

It has come to the attention of the Government that many persons of German and Austro-Hungarian nationality who are residents of Canada are apprehensive for their safety at the present time. In particular the suggestion seems to be that they fear some action on the part of the Government which might deprive them of their freedom to hold property or to carry on business. These apprehensions, if they exist, are quite unfounded.

The policy of the Government is embodied in a Proclamation published in the Canada Gazette on 15th August. In accordance with this Proclamation restrictive measures will be taken only in cases where officers, soldiers, or reservists of the German Empire or of the Austro-Hungarian Monarchy attempt to leave Canada, or where subjects of such nationalities engage or attempt to engage in espionage or acts of a hostile nature, or to give information to or otherwise assist the King's enemies. Even where persons are arrested or detained on the grounds indicated they may be re-

leased on signing an undertaking to abstain from acts injurious to the Dominion or the Empire.

The Proclamation, after stating that "there are many persons of German and Austro-Hungarian nationality quietly pursuing their usual avocations in various parts of Canada and that it is desirable that such persons should be allowed to continue in such avocations without interruption," directs as follows:—

"That all persons in Canada of German or Austro-Hungarian nationality, so long as they quietly pursue their ordinary avocations be allowed to continue to enjoy the protection of the law and be accorded the respect and consideration due to peaceful and law-abiding citizens; and that they be not arrested, detained or interfered with, unless there is reasonable ground to believe that they are engaged in espionage, or engaging or attempting to engage in acts of a hostile nature, or are giving or attempting to give information to the enemy, or unless they otherwise contravene any law, order in council, or proclamation."

Thus all such persons so long as they respect the law are entitled to its protection and have nothing to fear.

JOSEPH POPE,  
*Under Secretary of State for External Affairs.*

In the Matter of: (1) All Streams flowing into Seton Lake and their Tributaries; (2) all Streams flowing from the West into the Fraser River between the Mouth of Cayoosh Creek and the Mouth of Bridge River, including the said Bridge River and its Tributaries; (3) any Water Records on Streams flowing from the East into the Fraser River between the Northern Boundary of the Railway Belt and the mouth of Fountain Creek, which were not taken into Consideration at the Meeting of the Board held at Lillooet on the 14th July, 1914.

A MEETING of the Board of Investigation will be held at Lillooet on the 9th of October, 1914, at 10 o'clock in the forenoon, when all claims to water rights or privileges on the said streams which have been filed, all objections thereto, and the plans prepared for the use of the Board will be open for inspection.

All persons interested are entitled to examine these, and to file objections thereto in writing if they deem fit.

At this meeting claimants who have not previously done so shall prove their title to lands to which their water records are appurtenant. This may be done by producing, in case of Crown-granted

lands, the title deeds, or a certificate of encumbrance; or in case of lands not held under Crown grant, by producing the pre-emption record, the agreement of sale, the mining record, or other documents of title.

Objections will be heard forthwith if the party objected to has received sufficient notice of the objection.

The Board at the said meeting will determine the quantity of water which may be used under each record, the further works which are necessary for such use, and will set dates for the filing of plans of such works, and for the commencement and completion of such works.

And whereas there may be persons who, before the 12th day of March, 1909, were entitled to water rights on any of the said streams and yet have not filed statements of their claims with the Board of Investigation; such persons are required to file on or before the 20th day of September, 1914, a statement as required by section 294 of the "Water Act, 1914." Dated at Victoria, B.C., the 27th day of August, 1914.

For the Board of Investigation.

DOMINION ORDERS IN COUNCIL.

[2230.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 28th day of August, 1914.

PRESENT:

HIS ROYAL HIGHNESS THE GOVERNOR-GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 18th August, 1914, from the Acting Minister of the Interior, submitting that the Canadian Pacific Railway Company has made application for right-of-way for a pipe-line for a water-supply at Keefer, British Columbia, being part of the south-east quarter of Section Thirty, in the Twelfth Township, in the Twenty-sixth Range, west of the 6th meridian, and containing an area of 0.19 of an acre, as shown on the plan attached.

The Minister states that the Agent of Dominion Lands at Kamloops reported on the 30th May, 1914, that he is not aware of any reason why the above-mentioned land should not be disposed of to the company for pipe-line purposes;

That the land applied for is available and has been surveyed and the work approved by the Surveyor-General. The Company has filed with the Department of the Interior a certified copy of a grant of the water rights at this point in its favour,—

The Minister recommends that the Canadian Pacific Railway Company be allowed to purchase the above-mentioned land at \$5 per acre.

The committee submit the same for approval.

MUNICIPAL BY-LAWS.

MUNICIPALITY OF DELTA.

A By-law to provide for Repairs for the Works constructed under the "Delta Dyke and Drain By-law, 1895," and to borrow the Sum of Twenty-one thousand two hundred and twenty-five dollars and sixty-three cents (\$21,225.63) to carry out such Repairs. Provisionally adopted the 11th day of July, 1914.

WHEREAS the Municipal Council of the Corporation of the District of Delta, on the 5th day of October, 1895, duly passed the "Delta Dyke and Drain By-law, 1895," to provide for the dyking and draining of a portion of the Municipality of Delta, and to borrow the sum of \$41,320.51 for completing the same:

And whereas by section 124 of the "Municipal Act" it is the duty of the municipality making such work to preserve, maintain, and keep in repair the same at the expense of the lands and roads benefited:

And whereas it is provided by section 127 of the "Municipal Act" that where the repairs required to be made are so expensive that the Municipal Council does not deem it expedient to levy the cost thereof in one year, the Council may pass a by-law to borrow upon the debentures of the municipality the funds necessary for the work, and to assess and levy upon the property benefited a special rate sufficient for the payment of the principal and interest of the debentures:

And whereas the Council procured an examination to be made by Messrs. Burnett & McGugan, surveyors, being persons competent for that purpose, of the said dyking and drainage works, and estimates of the repairs to be made and an assessment to be made by them of the real property to be benefited by the said repairs, stating as nearly as they can the proportion of benefit which in their opinion will be derived in consequence of such repairs by every section or portion of section, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the section hereinafter in that behalf specially set forth and described, and the report of the said Burnett & McGugan in respect thereof being as follows:—

"NEW WESTMINSTER, B.C.,  
August 4th, 1914.

"To His Worship the Reeve and Councillors of Delta:

"GENTLEMEN,—We have the honour to submit plans, profiles, and cross-sections of a scheme for the protection of the 1895 dyke along the portions exposed to the Gulf of Georgia, said portions being more particularly described as follows: Commencing at a point on the 1895 dyke, said point being N. 87° 10' W. (astro.) a distance of 1,639.5 feet from the intersection of the centre line of the southerly end of the G.B. Road with the said 1895 dyke; thence following in a northerly and westerly direction along the dyke aforesaid a distance of 8,100 feet to a point where the dyke is protected from the Gulf of Georgia by intervening land.

"We have followed your instructions in making the necessary examinations and surveys, and have found that the dyke will be fully protected in the following manner, which we would recommend to your attention:—

"That the elevation be brought to a grade by filling in to a level of 5 inches below the tops of the grade stakes upon the ground and as shown on profile:

"That in all cases a minimum width of 12 feet be secured on the crown of the dyke:

"That the re-entrant angle on the Gulf side of the dyke be filled with earth as shown on the cross-section attached:

"That all earth for filling in crown and face of dyke be taken from inside of the dyke:

"That no earth whatever be taken from the Gulf side of the dyke:

"That a facing of rubble to a depth of 14 inches be placed upon the earth and beach, as shown in cross-section:

"That a facing of riprap be placed upon the rubble on the Gulf face of the dyke, with a slope of 1 to 4, the average depth of the rock to be 12 to 14 inches, as shown on the cross-section:

"We include also an estimate of the cost of this scheme and also a revised assessment sheet. In defining the lands to be included in this assessment, we have followed faithfully all those portions included in the original assessment sheet of 1895, and any further specifications await your command.

"We have the honour to be,

"Yours very faithfully,

"BURNETT & MCGUGAN,

And whereas it is necessary to expend the sum of twenty-one thousand two hundred and twenty-five dollars and sixty-three cents (\$21,225.63) to preserve, maintain, and repair the said work, and the Council does not deem it expedient to levy the said cost in one year, and it is expedient to borrow the said sum for the purpose aforesaid:

The Municipal Council of the Corporation of the District of Delta therefore enacts as follows:—

1. That the sum of twenty-one thousand two hundred and twenty-five dollars and sixty-three cents (\$21,225.63) be borrowed on the credit of the Corporation of the District of Delta, being the funds necessary for the preservation, maintenance, and repair of the works constructed under the "Delta Dyke and Drain By-law, 1895," and that debentures of the Corporation to the amount of twenty-one thousand two hundred and twenty-five dollars and sixty-three cents (\$21,225.63) be issued in sums of not less than one hundred dollars (\$100.00) each, and payable twenty (20) years from the date thereof, with interest at the rate of five per centum (5%) per annum; such debentures to be payable at the Bank of Montreal, New Westminster, British Columbia, and to have attached to them coupons for the payment of interest.

2. MUNICIPALITY OF DELTA.

A By-law to provide for Repairs for the Mud Bay Flats Dyking and Drainage Works, and to borrow the Sum of Twenty-two thousand six Hundred and ninety-eight dollars and seventy-four cents (\$22,698.74) to carry out such Repairs. Provisionally adopted the 11th day of July, 1914.

WHEREAS the Municipal Council of the Corporation of the District of Delta, on the 22nd day of October, 1892, duly passed the “Delta Dyke and Drain By-law No. 1” to provide for the dyking and draining of a portion of the Municipality of Delta known as the “Mud Bay Flats Dyking and Draining Works,” and to borrow the sum of \$28,812 for completing the same:

And whereas by section 124 of the “Municipal Act” it is the duty of the municipality making such work to preserve, maintain, and keep in repair the same at the expense of the lands and roads benefited:

And whereas it is provided by section 127 of the “Municipal Act” that where the repairs required to be made are so expensive that the Municipal Council does not deem it expedient to levy the cost thereof in one year, the Council may pass a by-law to borrow upon the debentures of the municipality the funds necessary for the work, and to assess and levy upon the property benefited a special rate sufficient for the payment of the principal and interest of the debentures:

And whereas the Council procured an examination to be made by Messrs. Burnett & McGugan, surveyors, being persons competent for that purpose, of said dyking and drainage works, and estimates of the repairs to be made and an assessment to be made by them of the real property to be benefited by the said repairs, stating as nearly as they can the proportion of benefit which in their opinion will be derived in consequence of such repairs by every section or portion of section, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the sections hereinafter in that behalf specially set forth and described, and the report of the said Burnett & McGugan in respect thereof being as follows:—

“NEW WESTMINSTER, B.C.,  
August 4th, 1914.

“To His Worship the Reeve, and Councillors of Delta:

“GENTLEMEN,—We have the honour to report to you that we have, according to your instructions, made an examination and the necessary surveys of a portion of the East Delta Dyke facing Sections 35, 34, and 27, Township 3, and the drainage facilities of the west end of the East Delta drainage system, and beg to submit herewith a statement and plans *re* the work which has been done, and also that which has yet to be done. On account of the old flood-gate at the mouth of the Big Slough being washed out this last July it is necessary to construct a concrete flood-gate which will be a permanent structure. We also find that 1,500 feet of 16-foot fir and cedar piling driven 8 feet in the ground has already been driven at the toe of the dyke on the Boundary Bay side, and that it will be necessary to drive 500 feet more to ensure present protection; also that the slough along the east boundary of the North-east Quarter of Section 34, Township 3, and also along the quarter-section line running west of Sections 34, 33, and 32 to the west boundary of Section 22, has filled up to practically prohibit drainage and should be pumped and cleaned out; also that the cost maintenance of the dyke has considerably exceeded the money which has been set aside for that purpose. We include also a description of those portions affected, an estimate of cost, and also a revised assessment schedule which approaches a pro acreage assessment.

“We recommend these to your attention and any further orders await your commands.

“We have the honour to be,

“Yours very truly,

“BURNETT & MCGUGAN.  
“Per D. J. MCGUGAN.

And whereas it is necessary to expend the sum of twenty-two thousand six hundred and ninety-eight dollars and seventy-four cents (\$22,698.74) to preserve, maintain, and repair the said work, and the Council does not deem it expedient to levy the said cost in one year, and it is expedient to borrow the said sum for the purpose aforesaid:

The Municipal Council of the Corporation of the District of Delta therefore enacts as follows:—

1. That the sum of twenty-two thousand six hundred and ninety-eight dollars and seventy-four cents (\$22,698.74) be borrowed on the credit of the Corporation of the District of Delta, being the funds necessary for the preservation, maintenance, and repair of the Mud Bay Flats Dyking and Draining Works, and that debentures of the Corporation to the amount of twenty-two thousand six hundred and ninety-eight dollars and seventy-four cents (\$22,698.74) be issued in sums of not less than one hundred dollars (\$100) each, and payable twenty (20) years from the date thereof, with interest at the rate of five per centum (5%) per annum; such debentures, both as to principal and interest to be payable at the Royal Bank of Canada in the City of Toronto, in the Province of Ontario, or the said bank in the City of Montreal, in the Province of Quebec, or in the said bank in Ladner, in the Province of British Columbia, or the said bank in the City of London, England, or the said bank in the City of New York, in the United States of America, and to have attached to them coupons for the payment of interest.

2. That for the purpose of paying the said sum of twenty-two thousand six hundred and ninety-eight dollars and seventy-four cents (\$22,698.74), being the amount charged against the said lands so to be benefited as aforesaid, and to cover interest thereon for twenty years at the rate of five per centum (5%) per annum, the following special rate over and above all other rates shall be assessed and levied, in the same manner and at the same time as taxes are levied, upon the undermentioned sections and parts of sections, and the amount of said special rate and interest assessed as aforesaid against each section or part of section respectively shall be divided into twenty equal parts, and one such part be assessed and levied as aforesaid in each year for twenty years after the final passing of this by-law during which the said debentures have run.
